

A GUIDE TO WEDDINGS AND PRICES

Evocative, organic natural flower design
using British grown artisan flowers.

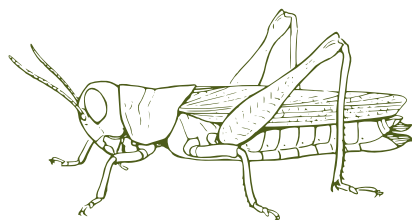

Thoughtful and untamed, seasonal and sustainable.

THE FLOWERS

I can work to a particular colour palette, however due to seasonality and external factors, some flowers may not be available when it comes to your wedding day. The flowers I use are grown for their scent and beauty; many of the varieties are not available from normal wholesale flower markets. They will be sourced from local flower growers and my cutting garden where possible.

Wedding flowers are created with each individual wedding in mind. I love to see images from Pinterest and Instagram of flowers that you like, but please note that these are only a guide and I do not like to replicate anyone else's work.

BESPOKE WEDDING FLOWERS

The Process

First, we'll arrange a date for your initial consultation where we will discuss your wishes and vision for your wedding. The meeting usually takes place over zoom, or it can be in person.

Once we have met I will create a mood board and look book to help you visualise every detail and make sure our ideas are aligned. I will also send a detailed proposal and quote for you to read through.

We will remain in touch as your wedding day approaches and I will craft your chosen aesthetic - curated and tailored for you, your venue and your vision. I will be there to deliver your bouquet on the day and be on site to ensure everything is perfectly arranged.

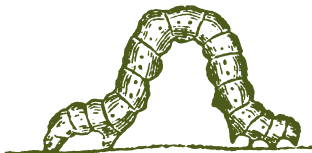

BESPOKE WEDDING FLOWERS

The Details

This is a service where I am with you every step of the way. I will work with you and your chosen suppliers in creating floral designs that work with your venue and suit your day.

The bespoke service is for where flowers are a large part of the vision of your day from installations to rambling archways. My bespoke wedding service starts at £1800.

I ask for a booking fee of £100 to reserve your wedding day in my diary, this is taken off your final balance. Once you have decided on your designs then I ask for a 50% deposit, with the remaining balance to be paid one month before the wedding date. No VAT is payable.

CREATE YOUR OWN

The Process

There's nothing more personal than creating your own bouquet. This could be the perfect start to your wedding celebrations.

A beautiful selection of flowers and ribbons will be available for you to choose from as well as my tuition throughout the experience.

Hold your bouquet on your wedding day with the unbeatable feeling - 'I made this.'

An experience for you and up to two other people either 24 or 48 hours before your wedding. It's up to you if you want to share this experience with others, or you can attend the workshop alone and then show your bouquet off on your wedding day instead.
